

DPC HERO ■ n.: The DPC Hero is a person who gives something of themselves to help others, and in doing so, makes a difference in someone's life. A DPC Hero is **EMPOWERED** and looks to **EMPOWER** those around them. A DPC Hero can be a patient, a family member, a caregiver, or someone from the community.

THERE IS A HERO IN ALL OF US

Nothing will stop Will Bullett from supporting his wife of 33 years, Shirley, who is a dialysis patient. Five years ago, Will became involved with the kidney community and has never let his commitment waver. Supporting Shirley is his most important priority in life, and he knows that keeping her aggressive in her dialysis treatment is imperative. When it comes to Shirley's life, no task is too much. Will has also been an active supporter of kidney patients and Dialysis Patient Citizens (DPC), lobbying with his wife for additional kidney care funding and education.

Heroes are all around us. Thank you, Will, for making quality kidney care possible.

IMPROVING LIVES THROUGH EMPOWERMENT

The DPC Hero Program has been created to spotlight individuals who have gone above and beyond to positively impact kidney care in their communities. If you are interested in nominating a DPC Hero, please contact us at dpc@dialysispatients.org.

Dialysis Patient Citizens (DPC) is a nonprofit patient organization dedicated to improving dialysis patients' quality of life by developing awareness of dialysis issues, advocating for dialysis patients, improving the partnership between patients and caregivers, and promoting favorable public policy. For more information, visit www.dialysispatients.org or call 1-866-877-4242.
