

**dpc hero** ■ *η.*: The DPC Hero is a person who gives something of themselves to help others, and in doing so, makes a difference in someone's life. A DPC Hero is **empowered** and looks to **empower** those around them. A DPC Hero can be a patient, a family member, a caregiver, or someone from the community.

# THERE IS A HERO IN ALL OF US

Nancy Scott is an inspiration not only within her own dialysis facility in Newark, Delaware, but also within her community. Scott, a retired nurse and ordained minister, was diagnosed with kidney disease in 2004. Since then, she has established a support group to encourage better communication between the clinic staff and patients, traveled to Washington, D.C., to meet with lawmakers and also serves on the ESRD Network 4 Advisory Board.

**Heroes are all around us. Thanks, Nancy, for making quality kidney care possible.**

**IMPROVING LIVES THROUGH EMPOWERMENT**

*The DPC Hero Program has been created to spotlight individuals who have gone above and beyond to positively impact kidney care in their communities. If you are interested in nominating a DPC Hero, please contact us at [dpc@dialysispatients.org](mailto:dpc@dialysispatients.org).*

*DaVita Patient Citizens (DPC) is a nonprofit patient organization dedicated to improving dialysis patients' quality of life by developing awareness of dialysis issues, advocating for dialysis patients, improving the partnership between patients and caregivers, and promoting favorable public policy. For more information, visit [www.dialysispatients.org](http://www.dialysispatients.org) or call 1-866-877-4242.*
